Her First Evidence Served to Acquit Slayer of Husband.

RALEIGH, N. C., May 25.—A murder with sensational facts surrounding it occurred hear Bellamy's Mill, in Hallifax county, on the farms of C. R. Addock, on Sunday. The alleged facts in the case as learned in this city are as follows:

in the case as learned in this city are as follows:
Sunday morning W. H. Clark and Charlie Flannigan, two residents of the neighborhood of Whitaker's, in Nash county, went to the home of Levy Marriott, and after spending part of the morning there drinking and carousing, Flannigan drove off to ride with Mrs. Marriott. Upon his return to the home Marriott became enraged and began cursing Flannigan. According to the facts learned, Flannigan bore the cursing for several minutes, but when Marriott addressed a remark to him, telling him that he must leave the house, Flainigan turned and fired a pistol ball into his body, the ball striking over his heart and killing him instantly.

A hearing of the case was held at Glenview on Monday afternoon, at which time Flannigan was dismissed upon the grounds that the shooting was justifiable.

The man got off by the fact that

A hearing of the case was field in the Glenview on Monday afternoon, at which time Flannigan was dismissed upon the grounds that the shooting was justifiable.

The man got off by the fact tint his friend Daniels and the woman were the only witnesses to the affair, and it is thought that they "framed up" testimony that would clear the man of the crime. However, it now develops, according to the woman's statement, that she was bought off, and that she did not tell the facts as they really are, and that Flannigan shot her husband because of a remonstrance on account of their intimacy.

Flannigan has been rearrested, and another hearing is being held. The woman's statement is to the effect that Daniels and Flannigan promised to support her the rest of her life, as well as pay the funeral expenses of the dead man, if she would testify right, in the first hearing. However, they did not keep their promise in this matter, she declares, so she told all, causing Flannigan's second arrest.

Come and see them.

LLOYD IS ELECTED

PISAPP CDADJUTTON

(Continued from Page One—Column 4.).

Port of the nomination of Mr. Smith, Colonel James Garr Baker, of Winchester, one of the delegates, appealed to the council on behalf of the episcopacy of the Valley for the election of Mr. Smith,

Following these nominations short addresses were made by Rey. Mr. Mr. Minks and Rey. Mr. Lee, asking for the council's support for Dr. Brown's election. In the course of his remarks, Mr. Lee besought the council not to consider his name, though put in nomination of Rey. Dr. Lloyd was also seconded by Dr. Goodwin, of Richmond, who thought that the recall of Dr. Brown from the work in Brazil would be the cause of great regret and a distinct loss.

The nominations were then declared closed, and the Rey. G. Olls Meade and H. L. Turner were appendict to Sanwass the vote. The number of votes cast were 114. Of these Dr.

Could Not Be Heached.

NEW YORK, May 26.—Dr. Lloyd was at his residence in New York tonight when news of his election as bishop-coadjutor of Virginia reached here, and he could not not be reached by telephone with a query as to his intention.

VIRGINIA DAMES At Monticello

The Virginia Society of Colonial Dames always makes delightful provision for its annual excursions, which are the most important social events in the yearly calendar of the Society. From the fact that Dames of many cities and sections of the State will be among those making up the excursion to Monticelle to cay, and that the company thus going will be unusually large, as well as representative, the outing of the year has taken on additional importance and interest. Excursionists will leave Richmond at \$150 ciclock this morning over the Chesapeake and Ohio Railway, two vestibuled conches for their accommodation being attached to the regular train. At the station a reception committee will be Mrs. Christopher Tompkins, Mrs. W. G. Stanard, Miss Helen Montague, Miss Ella Cocke, Mrs. T. Catesby Jones, Mrs. James Alston Cabell, Mrs. L. R. Hamberlin and Mrs. J. Allison Hodges. Members of this committee will be distinguishable by their yellow and blue Colonial badges, and will give any information desired. They will receive the Dames arriving from Washington when they reach Charlottesville, and will direct all arrangements for the day.

The party will go from the station at Charlottesville, and will direct all arrangements for the day.

The party will go from the station at Charlottesville to Monticello, which will be thrown open by Mrs. Carl von Mayhoff, of New York, sister of Jeterson Levy, the present owner of the former home of Thomas Jefferson, university of the Lunted States, and the founder of the University of Virginia, will assist Mrs. von Mayhoff in doing the honors at Monticello.

The party will make the trip back to the Charlottesville station by way of the heautiful University of Virginia laws, where luncheon will be served in the Individual of Individual of Individual of Individual of Individual of Individual o

REV. ARTHUR S. LLOYD. J. J. ACNE, TETTER ETC.

FOR MR. TUGKER

A Trained Name Discovered its Mrec.

No one is in better patition; to not shall have a common or many report the standard of the control of While Eczema, Aone, Tetter, Salt Rheum, etc., are troubles which affect the skin, their source is far deeper than the enitside outicle. These affections are caused by irritating humors, or matic acid in the blood. Such impurities infiame and irritate the delicate net-work of fibrous tissue which lies just beneath the surface of the outer skin, and the inflammatory discharge thus produced is forced out through the pores and glands, and is continually keptup while the blood remains infected. This exudation causes the formation of scales and crusts so often soen in Eczema, and when they are scratched off the flesh is left raw and more susceptible to other infection. It can very readily be seen then that to produce a cure the circulation must be purified and cleaneed. This S. S. S. will do. It goes down to the very bottom, removes all humors and impurities, neutralizes the excessive acids of the system and in this way removes the cause of disease. Local applications can only scothe the irritation and assist in keeping the skin clean; they never produce a cure because such treatment does not reach the blood. S. S. F. restores to the thin, acrid blood all its lost properties, makes it pure and rich and enables it to nourish the skin and keep it soft, smooth and lealthy. Book on Skin Diseases and any medical advice free to all the over the contract of the system. While Eczema, Acne, Tetter, Salt Rheum, etc., are troubles which affect
